COMPLIANCE FINDINGS & AUDITED VIOLATIONS (4)

HIGH **Unsubstantiated Environmental Claim: "eliminate ocean plastic pollution"** UNRESOLVED

Content asserts "eliminate ocean plastic pollution". Scientific, environmental, and sustainability claims require empirical verification. No active approved fact in the corporate registry confirms this statement. This claim is flagged as unverified pending supporting evidence, not declared definitively false.

Evidence: [IMAGE]: "...ded on all purchases. Help us eliminate ocean plastic pollution forever with sustainable reus..."

Recommended Action: Provide verified empirical lab test reports or third-party accreditation in the Approved Facts registry, or rephrase to qualified, substantiateable copy.

CRITICAL **Conflicting Cooling Duration (Image: 48h vs Caption: 24h)** UNRESOLVED

The marketing creative image specifies 48 hours ("Keeps Drinks Cold for up to 48 hours"), whereas the accompanying caption claims 24 hours ("Keep your drinks cold for 24 hours"). Cross-modal claims must be identical and corroborated by verified specifications.

Evidence: Image specifies 48 hours ("Keeps Drinks Cold for up to 48 hours") vs Caption claims 24 hours ("Keep your drinks cold for 24 hours")

Recommended Action: Align caption to match creative image (48 hours), or update the creative asset to reflect substantiated claims (24 hours).

CRITICAL **Contradictory Promotional Discount (Image: 70% vs Caption: 50%)** UNRESOLVED

The promotional creative image advertises a discount of 70% ("FLAT 70% OFF"), while the post caption promises 50% ("FLAT 50% OFF"). Mismatched promotional pricing creates severe customer trust violations and regulatory exposure.

Evidence: Image specifies 70% OFF ("FLAT 70% OFF") vs Caption claims 50% discount ("FLAT 50% OFF")

Recommended Action: Synchronize promotional discount offers across both modalities. Update caption to 70% or revise creative graphic to 50%.

CRITICAL **Contradictory Warranty Claim (Image: Lifetime warranty vs Caption: 5-year warranty)** UNRESOLVED

The marketing creative image specifies Lifetime warranty, whereas the accompanying caption promises 5-year warranty. Warranty terms must be consistent across visual and textual marketing materials.

Evidence: Image specifies "Lifetime warranty" vs Caption claims "5-year warranty"

Recommended Action: Align warranty terms across creative image (Lifetime warranty) and caption text (5-year warranty).
